Tuition Assistance

The tuition assistance program at Frassati Catholic High School provides financial assistance to students based on a family's demonstrated financial need. The determination of need is based on a standard application process that requires applicants to submit specific financial data through Smart Aid who provides Frassati Catholic with objective information regarding a family's financial need. The Smart Aid application form may be completed online at www.smarttuitionaid.com and was due by February 5, 2018. If you missed the deadline and need to apply, please contact the Accounting Office. This financial information is evaluated by a Tuition Assistance Committee who will determine all grants. Frassati Catholic's school code is 12843.

The goal for offering tuition assistance is that no student be deterred from applying to Frassati Catholic because of financial reasons. Parents who anticipate a need for tuition assistance are encouraged to apply for aid on behalf of their child.

Every tuition grant is made for one year and may be renewed subject to the parents filing an annual financial statement and the students maintaining the sound academic and high citizenship standards that are expected. Funds are not reserved for families who do not follow the standard tuition assistance application process or who do not meet the stated deadlines.

Tuition assistance and admission decisions are made separately from and independently of each other.

Frassati Catholic High School admits students without regard to race, color or national or ethnic origin in the administration of its admission and educational policies, tuition assistance programs, employment practices, and other school-administered programs.
